

The City Council of Springfield recently initiated a collaboration aimed at modernizing its digital infrastructure.

As part of this initiative, an IT Services Agreement was established with TechNova Solutions.

Throughout meetings held

in late 2023, both parties agreed on a project scope valued at \$185,000. According to the agreed schedule, the service

engagement officially starts on Jan 1, 2024, and is expected to conclude by Dec 31, 2024. This partnership focuses on

cloud migration, cybersecurity improvements, and ongoing IT support.
